OUR MOST POPULAR ADVENTURES

WHALE WATCHING

Calling all adventure seekers and nature dwellers: this tour connects you with the rugged West Coast waters. Take in scenic vistas on your way to whale-feeding grounds near Flores, Vargas and Long Beach. Spot cetaceans, and learn about the region's dynamic ecosystems. The Pacific Ocean brims with orcas, grey and humpback whales, as well as harbour seals, sea lions, sea otters and porpoises—plus, an abundance of birdlife from puffins and blue herons to bald eagles.

Make it a 4 hour trip and add our Crabbing or Pawning option: Drop a set of crab traps or prawn traps while on your way for your whale or bear watching tour. Retrieve your crab or prawns traps on the way back to the dock and if fishing is good, enjoy your fresh crab cooked at the 1909 Kitchen restaurant for dinner with our Cook Your Catch option.

BEAR WATCHING

Traverse along the inlet waters of Clayoquot Sound—minutes from the dock—and track bears as they scavenge for rock crab in their natural habitat. Riding in open-concept boats gives you the best possible opportunity for sighting bears, and our knowledgeable guides are the resource for all your questions. This tour stays in the inlet, so waters will be flat and calm. Great for all ages! Keep your eyes open—you'll spot so much more than bears alone.

HOT SPRINGS COVE

Hop aboard the Hot Springs Cove Tour to experience these natural pools, fed by ethereal geothermal waterfalls. Take in a scenic 30-nautical-mile boat ride where you'll see beautiful coastal wildlife, and wander through a majestic old-growth forest on the way to these enchanting hot springs.

GUIDED FISHING

For thousands of years, fishing has been the lifeblood of Clayoquot Sound. Today, we can put together a trip to suit whatever you're after. We offer fresh and salt water charters for halibut, salmon, steelhead, trout and tuna; available by boat, walk and wade, float, heli-fishing, or float plane. Local services can smoke your catch of the day—and you can enlist our talented team of chefs to prepare your prize catch for dinner. Half and full day rates available. Contact the Marine Adventure Centre for more details.

COOK YOUR CATCH

Bring your day's catch if you wish, and our chef will prepare and cook it for you in our 1000 degree wood fired Mugnaini oven.

OUR ADVENTURES

Remote Floating Sauna

Tapping into quiet here is a lot easier in the vast solitude and stillness of Clayoquot Sound. Our remote wood-fired floating sauna is an incredible experience on the west coast; merging wellness and wilderness together in Tofino's wild backyard.

Surfing

It's Tofino's most cherished pastime, and it's accessible to almost anyone. From the sandy beach breaks and long boards for beginners, to boat-accessed waves for adventurous souls, we can get you set up with gear, lessons and a ride to the break

Paddle Boarding (SUP)

Whether you're looking to paddle on Kennedy Lake, jump into the waves, or go on an exploratory mission in Clayoquot Sound, we can help make it happen. We can arrange gear, lessons and transportation to the right spots. The Marine Adventure Center or Guest Services can help you jump into adventure. Just ask.
